Wellington Improved Egg Food

for their poultry. It is as necessary in the chicken yard as salt is in the house. Poultry require this tonic and corrective preparation at times as much as we require occasional health giving helps. Domestic fowls are not wild birds and should not be treated as such. The safe way is to keep this food on hand.

Costs about 1 cent a day for 24 hens.

FOR SALE AT GROCERS, FEED STORES, and general supply houses, but if you cannot get it at your dealers send us his name and address and 25 cents and we will send you, prepaid, a package that will last a dozen hens 6 weeks and our book on feeding. THE AGENT DIDN'T KNOW.

A Story of an Editor and a Life Insurance Solicitor.

There are today some thousands of varieties of life insurance policies, each of which has a technical name and is capable of being made quite unintelligible to the average man. Some unscrupulous agents trade on this. Many do not really understand the meaning of terms themselves, but have learned their lesson parrotlike, and most of them apparently find it unnecessary to describe in plain English to those about to insure what they are contracting for. The result is a mass of misinformation and confusion about the whole subject.

For instance, an agent was trying to insure an editor on some new plan. The editor had a theory that any fact could be put into plain, everyday English if the man behind the fact really knew what he was talking about. After listening to an involved flow of "premiums," "deferred dividends," "cash surrender values" and "optional choices" he said gravely:

"See here, I don't understand what you're talking about. But I'll tell you what I'll do. If you'll write that proposition out in ordinary English so that an ordinary man can understand it I'll not only take the policy, but I'll publish the explanation as an article and pay you a hundred dollars for it."

"Will I? Sure, I will," exclaimed the overjoyed agent, thinking he had indeed struck an easy job. And he departed, adjuring the editor not to forget.

A week passed by. The agent called up on the telephone to say that he was working on the thing. There was less exultation in his voice.

Two weeks more elapsed. The editor had forgotten the whole thing, when the agent's card came in one day. It was followed by the man himself.

"Well," said the editor, "got my article?"

"N-no," said the agent sheepishly. "The fact is, I guess, I can't do it the way you want it, after all. Let's call it off."

It is hardly too much to say that this is typical.—World's Work.

The Rose and Its Thorns.

This is the old legend of how the rose came by its thorns: One day in paradise Cupid was flying over a garden of roses. Blossoming there was a beautiful pink rose. Cupid bent to kiss it when a bee hidden in the flower stung him on the lip. Crying with pain, Cupid fled to Venus, his mother, demanding vengeance. Venus, to pacify him, gave him a bow strung with captive bees and set the stem of the rose with stings torn from the poor bees. Thrse stings now are called thorns.

His Appearance Under Difficulties.

"Robbed by footpads, were you? It must have made you feel like 30 cents."

"Yes, and I'll bet I looked like 12 o'clock."

"How do you mean?"

"Hands up."—Philadelphia Ledger.

WEDDING SUPERSTITIONS.

The bridegroom who carries a miniature horseshoe in his pocket will always be lucky.

The bride who dreams of fairies on the night before her wedding will be thrice blessed.

Never give a telegram to a bride or bridegroom on the way to the church. It is a sure omen of evil.

Marriages on board ship are considered unlucky. If you can't be married on dry land, remain unwed.

The finding of a spider on the wedding gown by a bride is considered a sure token of happiness to come.

If during the marriage ceremony the wedding ring should fall down, the bride's fate will not be an enviable one.

If a bride should by chance see a coffin as she starts off on her wedding tour, she should order the driver of the carriage to turn back and start over again.

A Clerical Highwayman.

About the middle of the eighteenth century, when it was almost fashionable among men of position in English society to take to the road as highwaymen, it was reported that Twysden, lord bishop of Raphoe, was taken suddenly ill on Hounslow heath. He was carried thence to a friend's house and died there of what was said to be an internal complaint. The truth of the matter was, however, that the bishop had been collecting tithe in an illegal and forcible manner from travelers upon the heath when one of these, objecting to this extortion, shot him through the body.—London Standard.

Power of Ocean Breakers.

Experiments made at the Bell Rock and Skerryvore lighthouses, on the Scottish coast, have shown that, while the force of breakers in the German ocean may be taken as about a ton and a half on every square foot of surface, Atlantic breakers fall with a weight of about three tons to the square foot. On one occasion during a heavy gale huge blocks of granite and limestone were washed about like pebbles at the Plymouth breakwater, carried 200 feet up its inclined plane and scattered beyond it in all directions. One of the blocks weighed nearly two tons.

A False Report.

"I have been told," said Mrs. Oldcastle, "that your daughter has been doing some wonderful things in pyrography."

BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the *many* is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Landsheft, Esq., Alderman in 17th Ward, Buffalo, N. Y., of 1204 Jefferson Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty-six years, and do not wonder at his success, for he is a physician and man of sterling qualities, is possessed of extraordinary skill, and he has in his Sanitarium a corps of Specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

BAFFLING THE PRESIDENT.

Evidences multiply that the Senate has embarked in a scheme to baffle and harass the President at every point. In pursuance of this policy all treaties negotiated by the administration will either be turned down or amended out of all shape. The Dominican treaty is to be the first open notice that the Senate is in revolt against the White House. The Democrats have been seduced by that arch schemer Gorman of Maryland into letting themselves be lined up solidly against the treaty. The smothering of the Panama Canal Commission bill and the Railroad Rebate bill was but an indication of the Senate's determination to thwart the President in all possible ways. It is also reported from Washington that the confirmation of Charles W. Anderson, the colored lawyer recently appointed Collector of Internal Revenue in New York, will be held up. It seems that the New York Senators will not openly fight confirmation, but are scheming with their colleagues to prevent it by having the committee report against it, and then quietly dropping Anderson down the coal hole in executive session. As a rule the Senate has gained little by arraying itself as an obstructive force against the Executive.

THE CORRUPTING PHILLIPINES

One of the strongest arguments against the retention of the Philippine Islands is the corrupting influence their possessions has had on the United States army. The history of the American occupation of the islands has been one long story of scandals. A year or two in the Philippines seems to blunt the fine sense of honor that has heretofore been the chief characteristic of the graduates of West Point. Officers lose their self-respect and their self-control. They become grafters, and violate with reckless abandon the habits of decency in their relations with the families of brother officers. The long list of wrecked careers and ruined homes that is to be charged up in the debit column in our Philippine account is a melancholy exhibit against expansion in the tropical Orient. We send our young officers to the islands to become thieves, drunkards and blackguards, and then we wonder what has got into the army. The trouble is that the army has got into the Philippines. It might as well be in hell.

It is to be observed that the relatives and close friends of Mrs. Stanford resolutely refuse to take any stock in the poison theory. We now have a laboriously worked up case of poisoning that is lacking in a poisoner and a motive. The persistent endeavor to prove that this gentle old lady was murdered has become an indecent chase after sensation.

It is clear that divorce could be made so easy that marriage would be nothing but legalized free love. Not one moment too soon has it been seen that the assorted divorce facilities in forty-five states form one of the gravest social dangers looming up in this country.

Before Norway and Sweden go to war they had better climb a tree, look over Manchurian way, then count 100 and take a walk around the block.

DEATH OF A PIONEER WOMAN.

Mrs. Claus Badler, Was a True Christian Woman.

Mrs. Anna Hadler, the wife of Claus Hadler and mother of Miss Lizzie Hadler, passed peacefully away Wednesday morning at her home on Stambaugh street. Her death was not wholly unexpected, for she had been ailing for several months. Mrs. Hadler was a true Christian woman, beloved by all who knew her for her many good traits of mind and heart. She was devoted to her home and family, and was a woman possessed of great religious zeal. All who knew her during her long residence in Redwood City speak of her in the highest terms of praise. The deceased came to Redwood City in 1873 and has resided here ever since. She was a native of Germany, aged 73 years.

The funeral took place yesterday morning and was largely attended. A solemn high mass was celebrated at Mt. Carmel church at 10:30 o'clock. Father O'Grady paid a touching tribute to the deceased, telling of her religious zeal and devotion to the church and recounting her many good deeds. The interment was in Mount Olivet Cemetery, Colma. A STRIKE ON THE LIBRARY.

Failure to Pay Wages in Full the Cause of the Trouble.

The four brick-layers on the Carnegie Library struck on Monday because Contractor Lucas failed to pay the men in full when they were quitting work last Saturday evening. Each of the men had earned $26.25 and was only paid $10 on account. Lucas told the men that he would pay the balance on Monday. This he failed to do. According to the union rules, before the men resume work they must be paid in full for the time they have lost at the regular scale of $6 a day. Clark & Henery have the contract for constructing the building and sublet the brick work to Lucas. The brick work on the new Union High School was done by Lucas. Mr. Ehrhart, superintendent for Clark & Henery, was here yesterday and cancelled the contract with Lucas and turned the job over to the four brick-layers to complete the work. They appointed Thomas Butler foreman and yesterday afternoon began lay brick. It is said Lucas received his first payment on the building from the contracting firm but failed to make good with his men.

The William Long who was recently appointed by the British Government Lieutenant-Governor of Ireland is not the William Long who is connected with the railroad company here. He is, however, a cousin of the new official.

It is understood that the Dillman tract on Oak Grove avenue and adjoining the Menlo Park nurseries is soon to be subdivided and sold in lots. This is one of the best building sites in Menlo Park and the property should find ready sale.

S. E. Slade has bought a Pierce-Arrow automobile with a speed of sixty miles an hour. It is the latest improved auto car and was made at Buffalo. It carries five people and has a capacity of 34-horsepower.

Monday night the lighting system was inaugurated, and the appearance of the town was greatly improved. Oak Grove avenue is lighted from the railroad to the Middlefield road, and makes that thoroughfare look like Market street in San Francisco.

Mr. Sidney Clack last week disposed of his Palo Alto property for $4300. A little over two years ago he bought the lots for $1650. The investment was a good one, and demonstrates the keen judgment of Mr. Clack. Not only is he an expert nurseryman, but a good judge of values as well.

The old Stanford stock farm, of which so much has been written as the home of Senator Stanford's famous trotting horses, has been converted into a cattle ranch. Over 100 head of cattle were shipped in last week. The land must be utilized in some way, and the managers of the estate have decided to try stock raising on a small scale.

Francis E. McTarnahan was dashed to death Tuesday afternoon in a fall of 200 feet in the main shaft of the Santa Ysabel mine in Sonora, Tuolumne county. Deceased was a brother of Mrs. Robert Gallagher, who formerly resided here, and whose husband is the official reporter for the Superior Court of this county.

John Young who is well known here died at his home in San Francisco last Sunday after a lingering illness caused by consumption. For some years the deceased was employed on the St. Patrick's Seminary buildings and later on the Stanford campus. Harry B. Morey, a life-long friend of the deceased, attended the funeral on Tuesday.

The entertainment under the auspices of the League of the Cross Cadets in Duff & Doyle hall last evening was well attended. Every number on the well arranged program was applauded to the echo. The oration by Father O'Neill was a masterly effort, eloquent and well-timed. His glowing tribute to Ireland's patron saint was listened to with wrapped attention and when he concluded the eloquent priest was loudly applauded.

Selby, Rodgers & Co. will sell at public auction on Saturday, April 8th, all the lands comprising Quilotta Park and Linda Vista Park, to the rear of the Sacred Heart Convent. Last Sunday morning P. M. Partridge passed from earthly scenes to his heavenly home beyond the grave, after a lingering illness of several months. Mr. Partridge was a native of England, aged 79 years. He came to Canada many years ago to accept a responsible position under the British Government, a position which he filled with great credit to himself and his country. Upon the death of his brother, twenty years ago, he came to this State and has resided ever since at Menlo Park. He was a genial gentleman, devoted to his family, and possessed with a strong religious zeal, always doing good and beloved by everyone. He was a man of the highest intellectual order, and it was a delight to hear him converse on current topics. He leaves a large family of grown up sons and daughters. The interment was at Holy Cross Cemetery, Colma, Tuesday morning.

Mr. and Mrs. James Flood and Dr. and Mrs. MacMonagle have returned from a delightful visit to Mexico. They partly made the trip in Mr. Flood's private car, and have been gone for a month or six weeks. The Floods will occupy their residence the first of April.

Owing to the inclement weather last Sunday there was no meeting of the parishioners at the parochial residence of Father Lyons to discuss the matter of giving a picnic this year. However, a representative meeting will be held Sunday evening at 7:30, when definite plans will be decided upon. Some favor a picnic at Sunset Park, while others would like to have it in this vicinity.

On Thursday the following was placed upon the memorial scroll of the mausoleum which will soon receive the body of Mrs. Stanford: "Jane L. Stanford. Born in Mortality August 25, 1828. Passed to Immortality February 28, 1905." During the past two days workmen have been engaged in preparing the tomb for the funeral. A derrick has been erected to raise the heavy marble slab which covers the crypt, and the grounds about the elaborate structure are being cleaned. During the time the workmen are engaged in work upon the sarcophagus the doors remain open, the first time in several years. In order to prevent the curious public from intruding a special guard has been placed about the building. The present indications are that the funeral of Mrs. Stanford will be very simple. Plans had been laid by the students for a guard to escort the body from the station to the home, but the idea was not approved of by Treasurer Lathrop or Acting President Branner and was promptly dropped. At present it appears as if the student body proper will have but little part in the occasion. University work will probably close with the arrival of the body on Tuesday. Thursday will probably witness the funeral. The arrangements, however, are still far from complete and may not be definitely arranged for several days.

CITY COUNCIL.

Plans and Specifications for Street Work Adopted.

The City Council held a short session Monday night. On account of the inability of the engineer to present plans and specifications for street work at that time it was agreed to hold another meeting Wednesday evening.

A. J. Fromm, lessee of the Capitol Hotel, sent a communication calling attention to the foul smell arising from the creek at the bridge and asked that the nuisance be abated by flushing.

Street Superintendent Dickey explained that the flood-gates were in good condition, but on account of the washing out of the bulkhead at the hotel property it was impossible to hold the water back.

It was ordered that Mr. Levy, owner of the premises, see that the bulkhead be repaired at once.

An agreement was received from the railroad company for the board's execution before crossing the company's sight of way with either pipes or electric wires.

Before acting in the matter the city attorney was directed to ascertain what the company's rights were within the city limits as set forth in its franchise.

The map of the re-subdivision of the Reese 130-acre tract, a part of Redwood Farm, which was filed at a previous meeting, is still under consideration.

A meeting was held last evening at which plans and specifications for the proposed asphaltum pavement on A, Main and Mound streets, were presented and the Clerk directed to advertise for bids for performing the work.

"THE VIRGINIAN."

This Play Will Be Presented at the Columbia Theatre, next Week.

Helen Holmes, the leading lady in "The Virginian" that is to be presented at the Columbia Theater in San Francisco next week is a San Mateo County girl. When quite young she resided with her mother at Crispi Wood Farm at Portola. Her true name is Helen Holmes Smitten. Early in life she gave great promise as an actress. Her ability is known from one end of the United States to the other. The pretty actress is well known here and will be remembered by all. Last June she married Percy Lennon whose histrionic fame is known to all theater-goers.

A Wyoming cow-puncher and a Vermont schoolteacher descended from Molly Stark are the principal characters in "The Virginian," the play that Owen Wister and Kirke La Shelle have made from Mr. Wister's widely read novel of the same name. The love story concerns these two, and Trampas, a regulation "bad man" of the wild West, represents the factor that keeps this course of true love from running smooth. The Vermont girl has all the prejudices of her Puritan training and the cowboy lives the rough life of his kind until the girl teaches him the better way. The love story is not finished until a certain place becomes too small for both the cowboy and the bad man, and the bad man is the one who leaves—and by the leaden ball route, of course. Owen Wister says that Dustin Farnum, who is playing the part of the cowboy, is almost ideal for the part in his appearance, manner and personality, and it is to be expected that Mr. Farnum will achieve a triumph here.

Many from here will attend the play to see and hear the talented young leading lady.

A WELCOME CONTRIBUTION.

Chas. Josselyn Contributes Books To the Public Library.

Charles Josselyn, the Woodside author and capitalist, has contributed twenty-five volumes of the latest standard works and two of his own works to the public library of this city. Mr. Josselyn is a public spirited man who has always taken a lively interest in Redwood City and its public institutions. He has frequently contributed books of rare literary merit to the library, and they have been read with interest. If other wealthy citizens would follow the generous example of Mr. Josselyn, the library would soon have a rare collection of books.

Adjourned Meeting.

The Board of Town Trustees held an adjourned meeting Wednesday night. At that time Mr. Reis presented a map of his subdivision west of town and asked that the streets be accepted. After some discussion and a promise on the part of Mr. Reis to have another cross street the plan was provisionally accepted. The matter was turned over to Surveyor Gilbert who is to have the proper alterations made before Monday night. The plans and specifications for the street work were then read and accepted after which the meeting was adjourned.

This troop has on several occasions made a tour of the State, and always with great success and reputation.

The Association will mature its 10th series on April 30th and will pay to the stockholders thereon $18,000.

Events of the Week as Recorded by Corps of Special Correspondents.

A Heavy Rainfall at Woodside. A Number of Men Are Repairing the Roads.

WOODSIDE, March 17.—J. A. Folger has commenced laying out his new garden, which is on the sunny slope of the hill near the bathing pond that was constructed last summer. Large expenditures of money will be made to make the gardens the finest in the country. In the center of the blooms of beauty will shortly be erected Mr. Folger's new residence, to cost a vast sum of money. The contract will be let within the next month. This magnificent home will, when completed, be a thing of beauty and a joy forever to its generous owner.

We have had over two inches of rain during the present storm, and the indications are for more. The wind storm last Sunday was the hardest of the season, yet no damage was done. With a few more showers this season will be a most prosperous one for the farmers and orchardists and all concerned.

Mr. and Mrs. Worthington Ames have closed their house on California street, San Francisco, and are at present with Mrs. Pelham Ames on Taylor street. A little later in the season they will go to Portola Hall, the country place of Mrs. Ames' parents, Mr. and Mrs. E. F. Preston, at Woodside, to spend the summer.

G. D. Greely, A. Nelson, H. McArthur and several other of our enterprising citizens are putting up wire fences in front of their respective places. These fences, while very neat and attractive, are very durable.

Supervisor MacBain has a number of men on the King's Mountain road, repairing and putting it in shape for the summer. G. W. Morrill and son are putting in a number of culverts and bridges along the same road.

E. F. Preston is having all the buildings on his place at Portola painted. A San Francisco firm is doing the work. Mr. Preston expects to move down as soon as the place is in condition.

Dr. Fisher, the well known veterinary surgeon of San Mateo, was in this valley last Wednesday attending business of his profession.

Charles McIntosh and family have moved down to their beautiful home for the summer.

Going to buy a piano some day? Then learn all you can about them now. Come and look over the stock now in your city. (A musical education free.)

Majestic Theatre.

"Juanita of San Juan" a play of the romantic order and redolent of the atmosphere of mission days, set in modern framing, will be the offering at H. W. Bishop's Majestic Theatre during the week commencing Monday March 20th. It is by Richard Walton Tully who has deftly pictured the conditions as they existed some years ago between the Gringo and the native land holder. The plot involves a romance in which the hero an American of modern times saves the senorita, who has captivated his heart and fancy from renegade American land jumpers and wins her hand. The production will be magnificently staged and presents a mission scene that has been realistically reproduced. The cast has been selected from among Bishop's thirty players and includes J. H. Gilmour, Eleanor Gordon, Frank MacVickers and Robert Eliot. On Monday night Mission Camp 264, Woodmen of the World, will take a benefit for which occasion there will be a capacity house.

A Generous Rain.

The rain which has been coming down in such quantities during the past week is one of the best that has visited this section at this time of the year for many years. Seldom has the rain been so warm as this one. The farmers are all rejoicing at the prospects of an excellent year. The rainfall for the season is 14.19 inches, as against 12.74 at this time last year. The rainfall for the present storm is 1.48 inches.

Cremated At Cypress Lawn.

William Louis Cook, a native of Cleveland, Ohio, aged 31 years, passed away at the home of his father, in San Mateo, on Tuesday of last week, after a long illness. The funeral services were held on Thursday afternoon, Rev. J. Kimball of the San Mateo Congregational church officiating. The remains were then taken to Cypress Lawn, where they were cremated.

Sunset Limited.

A high-class, fast train with gentlemen's cafe, card tables, library, ladies' parlor, observation rotunda, dining-car, drawing-room cars and personally conducted tourist excursions, via scenic Sunset Route and quaint old New Orleans. All tickets good. See nearest Southern Pacific agent, C. H. Eckhart, of Redwood City, or write Paul Shoup, division freight and passenger agent, San Jose, California.

Died At Belmont.

Margaret Regen, a native of Canada, aged 58 years, passed away at Belmont on Monday of last week, after an illness of several days with pneumonia. The remains were brought to the undertaking parlors of James Crowe and prepared for shipment to Castroville, where the interment was made.

Puzzled by the Law.

The librarian of the Congressional library tells a story of a colored man who came into the library and asked one of the assistants for a "good law book." He explained that one of his neighbors intended to sue him and he wanted to get a book so he could find out the law.

The clerk gave him a copy of a book called "Every Man His Own Lawyer." The colored man sat down at one of the desks and turned the pages of the book for an hour. Then he came to the desk of the assistant and said:

"'Deed, boss, cain't you git me sumpin' easier? Dis yere is d' fifth edition. Cain't I have de fust edition? Mebbe I c'u'd understan' dat. I ain't bin gittin' on right smart with dis yere fifth one."—Baltimore News.
